

# A Flower Bouquet

## Two Layout Options

Hosted by Pat Sloan At [Ilovetomakequilts.com](http://Ilovetomakequilts.com)

My main layout is inspired by my love of herb gardens. For years I dreamed of planting one. I have the space, I just could not decide if I wanted to devote the time to it.

Living in Virginia I've been able to see many old historic gardens. I love finding a little hidden gem of a herb garden tucked around the corner. Many are sectioned off just like my main quilt layout. Can you see a little picket fence around the garden, I can!

For those that want to make ALL 12" finished blocks, use my simple layout #2

I like gardening — it's a place where I find myself when I need to lose myself.
