Block 16 – Play Ball!

Hosted by Pat Sloan At llovetomakequilts.com

Kids playing softball can be seen all across the world. Give a group of kids a bat and ball, they will create a baseball diamond, or at least hit it up and down the street.

Team sports are not my thing, but my hubs, Gregg, loved playing softball. He tells me lots of fun stories of pick up games. He was also very excited to have gotten his very own mitt one year for his birthday.

Block is 12.5" x 12.5"
Finished size 12" x 12"

One summer my mom did sign me up to play on the 'Crow' softball team.. I never wished a season to be done more than that one! I stood in the outfield and prayed the ball would not come my way. I do love to go watch minor league games (and a few major league). On travel we would look up a game to go sit in the stands, have a hotdog and cheer on the home team!
