Block 16/17 – Let It Snow!

Hosted by Pat Sloan At Ilovetomakequilts.com

The only time I want snow is in December. A sparkly snow covered December is the very best of the best. Being in Virginia we do have snow, but you can't count on it in December. I remember as a kid going to my grandparents, then up to my grandma's family's house across snow covered roads. Her family lived in a tiny town in the mountains of Pennsylvania. On Christmas eve with snow covered roads the fire trucks drove down the street and Santa tossed us Popcorn balls.

It was spectacular to a little girl!

Nowdays I want to see that glittery sparkle of snow fall during December and if it happens after I arrive at my Mother's in Law's on Christmas Eve that is the best! Time to watch 'White Christmas' and look for snowflakes! Do you have snow in December?
