Block 2 –The Warm Spot

Hosted by Pat Sloan At llovetomakequilts.com

Every home has a warm and cozy spot. The place where you sit to warm up after being out and about on a cold day. For Gregg that was sitting on the radiators in the winter to get warm. He remembers coming in from the cold and propping up on that radiator for a few minutes. For me it was sitting in the living room in our home in Brussels Belgium. Our entire front wall of the living room was floor to ceiling windows. When the sun was shining (which was not that often in Belgium) it was gorgeous to sit on the floor and have that warm sunshine pour in.

Block is 14.5" x 14.5"
