Block 21 – Where we Sew

Hosted by Pat Sloan At llovetomakequilts.com

Block is 12.5" x 12.5"

Finished size 12" x 12"

To wrap up our tour of our Home, we celebrate our sewing space!

You may have a whole basement, an extra bedroom, the corner of the family room, or a basket you put on the kitchen table when you sew.

Where we sew is important to what makes our home ours.

When I was a kid learning to sew I set up in the dining room then put everything away.

In my first apartment I had my sewing machine in my bedroom. From that point on all we always had at least 2 bedrooms, the 2nd one was my sewing room. When we started our business Gregg and I tried out several different ways to work. I finally ended up in the family room with the vaulted ceiling and sliding door. I love how airy and light my space is.

When you share your block, show us your sewing space too!
