

A Flower Bouquet

Block 3/20 – Planting Guide

Hosted by Pat Sloan At Ilovetomakequilts.com

I have a fun memory about 'planting guides'. Years ago my friend told me she didn't feel creative. She was looking for an outlet to make things and started looking at gardening catalogs. Do you remember those garden plans where you could purchase the entire bed of flowers? It had the sunlight needs, a layout of where the flowers go and you bought it as a kit!

Block is 12.5" x 12.5"
Finished size 12" x 12"

She bought one, planted it and was hooked! After that my friend felt very creative. Her garden was gorgeous and she was successful! Never underestimate how a 'little Planning' and 'a guide to go by' can change how you feel about a project.

A garden is a grand teacher. It teaches patience and careful watchfulness; it teaches industry and thrift; above all it teaches entire trust. — **Gertrude Jekyl**
